About the Artist

Min Ma was born in China in 1955. Ever since childhood, his interest in art took root. At the age of eighteen, Min attended art college and received three years of formal training. After that, he continued his studies at the prestigious and highly regarded China Academy of Fine Arts. He graduated in 1982 (BFA) and taught in university as a professor of fine arts until 1986.

Twenty years into his career, Min's works show evidence of his serious professional commitment to fine arts. His talent in art is greatly indicated by the quality of his work. Min's paintings are vivid, with clarity of color and tone that add depth and feeling to his vision. His subject matter has become more diverse in recent years as he expands his sphere of artistic interest to include landscape, portraits, human figures, and much more. Min uses different mediums, such as oil, acrylic, and pencil drawings, to bring out different projects and paintings.

In 1986, Min came to Canada. During the past ten years, his paintings and artwork have been exhibited throughout Canada and the United States, as well as being represented in numerous corporation and private collections.

Min now resides in British Columbia along with his wife, also an artist, and their daughter.
